# Anusha Abraham

Technical Recruiter at Microsoft  
Bengaluru

## Summary

As a Technical Recruiter my job responsibilities involves the following

Understand the Job Description sent by the clients and based on the requirement filing search in different portals and professional sites

- Find relevant candidates and approach them for the openings and converting them into active candidate
- Schedule interviews and follow up with the candidates to attend the interviews
- Sourcing candidates only from Networking/Security background and close junior and senior niche positions
- I am involved in end to end process of recruitment with multiple clients along with my team
- Working for Niche requirements and for product based clients
- Also, handling a client and directly interacting with them to get the requirements and help them close multiple positions
