Swathi Shetty

Recruiter at Microsoft
Bengaluru

Summary

It is no surprise that I now work in an industry which rewards me for helping people realize their potential and setting them on their way to achieving great things.
As a Talent Acquisition Specialist, I am helping build a world-class team of talented engineers for Microsoft. There's nothing like the thrill of a candidate's enthusiastic "Yes!" to an offer, and an equally pleased hiring manager who landed a top performer. I take pride in providing the best candidate experience possible.

Before #MicrosoftLife, I was a recruiter at SAP Labs, recruiting for Technology and Customer Success Board Areas across India. Before #LifeatSAP, I was a recruiter at Wipro Technologies where I recruited for Wipro analytics division.

I thrive in rapidly growing, innovative organizations. I am passionate about technology and providing the best recruiting experience for candidates and hiring manager.

Knowing my efforts impact the bottom line, keeps me going every day.
