Gobaskt is building a AI powered customer engagement platform with a intelligent virtual shopping assistant for individuals/ consumers and a self service merchant app for local businesses and national brands.

We enable new and novel ways to connect consumers and businesses across channels like mobile apps, facebook mssgr, alexa, google home, etc to enable commerce, marketing & service.
We combine the power of hyperlocal and personalization, with artificial intelligence and analytics.

Gobaskt Inc is US headquartered and has a product development center in Bangalore, India

Hult Prize Foundation
Team Lead of My Team Transformer
January 2020 - April 2020 (4 months)
Durg, Chhattisgarh, India

Congratulations once again on your participation in the 2020 Hult Prize Ho Chi Minh Regional Summit!

Your ability to overcome the current global challenges and compete virtually in the Ho Chi Minh Virtual Round is a powerful message to the world that youth is in charge no matter what! #

We are the winners at On-Campus BITD and we are working on the idea of Organic Farming..........
Our 2020 Regional Summits are now coming to an end and we wanted to take the moment to say THANK YOU! Your hard work, dedication, and inspiration have allowed us to see thousands of ground-breaking ideas that will make a positive impact on our planet with every dollar earned! This has been the most challenging, but most rewarding and impactful year in our Regionals' history, and it is thanks to you

e-Yantra, IIT Bombay
Team Leader of My Team at Eyantra
September 2019 - February 2020 (6 months)
Durg, Chhattisgarh, India

e-Yantra Robotics Competition (eYRC) is a unique annual competition launched in the month of August every year for undergraduate students in science and engineering colleges, polytechnic. Selected teams are given a robotic kit complete with accessories and video tutorials to help them learn

basic concepts in embedded systems and microcontroller programming. Abstracts of real world problems assigned as "themes" are then implemented by the teams using the robotic kits. The winners of this competition will be eligible for summer internship at IITB through e-Yantra Summer Internship Program .
